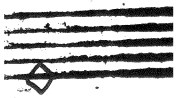
fons et origo

for wind 5ete

Matthew Geer

2017 - 2018

(breath tone)



blow air through instrument to produce a breath sound & no tone

smorzato - one continous sound, slightly inflecting the tone up or down

start on the first accidental then gliss or bend up to the second

start on the first note, bend up to the accidental then bend back down

Slightly flat multiphonic. Suggested fingering given but the note does not have to be accurate or stable
